

GOOGLE

RETAIL & E- COMMERCE

Intuitive experiences. Human creativity. AI-powered campaign content.

STRATEGY, CREATIVITY AND TECHNOLOGY

We are a small team spanning design, marketing, strategy and technology. We work closely with our clients, challenge assumptions and find smart, simple solutions.

Led by Gabriel Lagos, Creative Lead, we blend strategy and creativity to create work that connects and turns ideas into results.

20+ YEARS OF EXPERIENCE

HAMBURG, GERMANY

DESIGN, MARKETING, STRATEGY AND TECHNOLOGY

WHAT WE WOULD BUILD FOR GOOGLE

A shopping experience that converts, with fresh content for every campaign.

Our proposed Retail & E-Commerce direction combines intuitive digital experiences, human ideas brought to life with AI, and a recognizable brand story.

This approach is for retail and e-commerce businesses competing on shopping experience and content speed.

- 01 Design clear, intuitive interfaces built for real people.
- 02 Create AI-powered campaign stories and visuals grounded in human creativity.
- 03 Connect brand identity and tone across digital experiences and campaign content.
- 04 Start with project goals and vision, define scope and deliverables, develop the work, refine it and hand over ready-to-use files.

SERVICES FOR EXPERIENCE AND CAMPAIGN CONTENT

UX/UI Design

Interface design that solves problems.

Turn confusion into clarity with clean, intuitive experiences built for real people.

ADS & AI content

Finding solutions through creativity and collaboration.

Craft human ideas brought to life with AI through stories and visuals that get people talking.

Combine human creativity with AI precision to create campaigns that captivate, convert and scale.

Branding

Boosting your company's appeal.

Shape a memorable brand story through visual identity and tone, from logo colors to emails.

SELECTED DIGITAL EXPERIENCES

KVD

Helping 100k+ Cyclists Every Day

We designed a website that captures freedom, innovation and style, bringing the biking experience to life online.

SINDALAH

Helping Shape Luxury Travel Digital Experiences

We designed the website for Sindalah, a luxurious Red Sea destination redefining tourism under Saudi Arabia's Vision 2030.

LET'S TALK ABOUT YOUR GOALS
